Overview

lit-ur-gy ˈlɪdəˈrɡi noun Derived from the Greek *laos* for 'public' + *-ergos* for 'working'

1. a form or formulary according to which public religious worship, especially Christian worship, is conducted. 2. (in ancient Athens) a public office or duty performed voluntarily by a rich Athenian.

A liturgy is known as the work of the people. Liturgies are performed by an individual or a group on behalf of a larger community. Over time, the term liturgy became associated primarily with religious worship in an organized community. All members of the worshipping community were expected to participate in this structured activity. The work undertaken was not entertainment but holy 'work.'

During this year's conference, we will:

discover how liturgy functions in our churches and daily lives;

experiment with the various elements needed to make this holy work come alive;

gather for worship, plenary sessions, and lectures;

meet in cohort workshops to investigate the creative possibilities for worship and liturgical prayer; and

participate in optional field trips that will allow us to explore places in Pittsburgh that can help us envision liturgy differently by serving as altars in the world.

Come prepared for a rich engagement of your senses and soul as we join together to do the work of the people!
